BENJAMIN MOORE PURPLE HAZE AND HAMPSHIRE ROCKS

"This is a color combo that I'm using in a project now. It's for a very smart, cool and hip woman's home office. Come on! Purple Haze and Hampshire Rocks...if you put your ear to the wall, you can hear Jimi Hendrix."

SHERWIN-WILLIAMS FEVERISH PINK AND GRAYISH

"After a long winter, no color exudes 'summer' like luscious, watermelon pink. Refreshing, expressive and bold, this shade of pink pairs beautifully with soft gray tones. Imagine a dining room lacquered in dove gray, with a mahogany dining table surrounded by bright pink velvet-clad chairs—unexpected yet elegant."

FARROW & BALL LULWORTH BLUE AND BORROWED LIGHT

"Imagine a room where the walls and trim are a soft blue and the ceiling is a pop of vibrant blue. The space will feel fun and calming at the same time, and the contrast in color is harmonious when everything is pulled from the same color palette. I'm a blue girl through and through!"

BENJAMIN MOORE CALYPSO ORANGE AND WHITE DOVE

"I love a strong contrast when it comes to the vibrant tone of a 'happy' orange. Mixing the sweet color of orange with a cool tone of white is the perfect balance. Orange exudes happiness and excitement, while white simply promotes it. I love incorporating orange in art, throw pillows and accent chairs while using a white backdrop to enhance the color to its fullest potential."

BENJAMIN MOORE NAPLES BLUE AND SILVER SATIN

"Teal reminds me of the Caribbean, with the spirit of good energy and vitamin D that soothe the soul. Be bold and think about smothering this color on kitchen cabinets in a beach house. Painting the walls with Silver Satin softens the vibrancy and allows the cabinets to be the main focal point."
